Every effort is made to create as comprehensive a bibliography as possible. However, given the extent of publishing in and relevant to the county, there may be occasional omissions. The author would be grateful for the assistance of readers in providing details of any 2006 publications not listed. These will then be included in the next bibliography. Details of 2007 publications would also be appreciated. The author gratefully acknowledges the assistance of Ciara Cunnane, Assistant Librarian, Helen McNutt, A/Assistant Librarian and Berni Campbell, Senior Library Assistant, in compiling this list.
